CAPABILITY STATEMENT

Enterprise Technology | Interoperability | Practical AI

Small Business Enterprise (SBE) Certified

Palm Beach County OSBD | City of West Palm Beach

COMPANY OVERVIEW

ACE Solutions Inc. & Associates is a technology consulting and modernization firm helping public agencies, healthcare organizations, nonprofits, and community-serving institutions improve operations through secure systems integration, custom software, intelligent automation, and practical AI adoption.

CORE CAPABILITIES

Technology Strategy & Architecture

IT consulting, discovery, solution design, network and application assessments.

Software & Systems Integration

Custom applications, CRM/ERP integration, HL7/EDI connectivity, APIs and implementation.

Intelligent Automation & AI Readiness

Workflow optimization, AI literacy workshops, prompt engineering and human oversight.

Records & Technology Operations

Records management, reporting, system administration, maintenance and support.

SELECTED PROJECT EXPERIENCE & LEADERSHIP

OST intermediary platform | Prime Time Palm Beach County

Designed a Salesforce/Conga CRM and online registry for provider, practitioner training and scholarship workflows (2019); application featured at Dreamforce 2025.

Hospital laboratory interoperability

Designed laboratory outreach connectivity with patient matching, bidirectional interfaces, order-entry requirements, barcode workflows and electronic results delivery.

Public health electronic reporting

Led COVID-19 electronic laboratory reporting onboarding and infectious disease data-exchange workflows for state public health and HIE reporting.
